These publicly available reports include the company's expenses incurred in connection with lobbying activities including all payments to retained lobby firms or outside entities, as well as lobbying contributions including those made through The AES Political Action Committee.

As a convenience, listed below are the 3 largest contributions to or expenditures to political campaigns or organizations, lobbying, trade associations, tax-exempt entities, or other groups whose role is to influence political campaigns or public policy and legislation.

- American Energy Action \$100,000

The AES Corporation participates in the public policy process in the United States in a variety of ways including corporate government affairs programs designed to educate and influence elected officials on key public policy issues related to the company's business and membership in trade and other associations which help to advance our business objectives. These political engagement activities support AES' mission of improving lives by providing safe, reliable and sustainable energy solutions in every market we serve.

Any and all expenditures are made to advance the interests of the company and are made without regard for the private political preferences of company executives.

Political contributions must be approved by the AES Ethics and Compliance Department under the direction of the Chief Ethics and Compliance Officer or the General Counsel's Office under the direction of the General Counsel.

¹ Includes contributions to 501(c)4 tax-exempt organizations which may utilize some funds for political purposes.

² Includes trade associations who engage in lobbying (i) to which AES paid dues of \$50,000 or more during the applicable year and (ii) which notified AES or its subsidiaries of the portion used by that organization for expenditures or contributions that if made directly by AES would not be deductible under Section 162(e)(1) of the Internal Revenue Code.

³ The amounts listed in this column are based upon information provided by the trade associations.
